

Description

The FR50 Bizflame Work Flame Resistant Coverall is designed for the demanding requirements of the offshore industry. Constructed from a highly innovative flame-retardant fabric with high visibility reflective tape, it provides multi-standard protection in hazardous environments while ensuring safety, durability and comfort.

Key Features and Benefits

- **Multi-Standard Protection:** Protects against radiant, convective and contact heat.
- **Enhanced Visibility:** High visibility reflective tape double stitched for improved visibility.
- **Functional Design:** Triple-stitched seams, high visibility strips on shoulders, arms and legs, concealed 2-way front brass zip and two front slant chest pockets with concealed brass zips.
- **Practical Features:** Rule pocket, two back patch pockets, hook and loop cuffs and action back for extra freedom of movement.
- **Wide Use:** Suitable for a range of offshore and hazardous environments, for all climates and end uses.

Application

Ideal for the offshore industry and other hazardous working environments where flame resistance, high visibility and durability are essential. Suitable for use in oil & gas, marine, petrochemical, utilities and other high-risk industries.
