technical sheet

/ JFO36-0

/ Standards

- CE category : Category 3
- EN 60903:2004 Electric protection : Class 0
- Category : A, Z, C
- ASTM F2675
- EN 388 : 1121X
- IEC 61482 (electric arc)

/ Advantages

- Excellent dexterity
- Touch-sensitive
- Very good grip for maximum prehension in damp conditions

/ Areas of activity

Industry

Transport

Electric mobility

Civil security

/ Technical specifications

- ATPV (Cal/cm²) : 12
- Available sizes : 7, 8, 9, 10, 11
- Max. operating voltage (V) : 1 000 V AC ; 1500 V DC
- Thickness (mm) : <1.6
- Length (mm) : 360
- Main color : Orange
- Coating material : Latex
- Coating finition : Grip-textured
- Grip texture : Pattern
- Coating material and finition : Latex pattern
- Number of layer : Single layer
- Electrical gloves cuff characteristic : Not bypassed
- Percentage of product weight made from recycled material (%) : 0
